

606 Dutchman's Lane
Easton, Maryland 21601

Dear Patients and Parents:

It is with both sadness and excitement that I announce my retirement from the clinical practice of Pediatrics. This has been an extremely difficult decision to make since I have truly loved my work.

As many of you know, 2018 was a tumultuous year for me with the passing of my parents and the illness of my husband. I also lost my pup of ten years, Riley. If anything it has taught me how precious life is and how quickly it can be taken from you.

With regards to your care, you remain in good hands. My colleagues at The Bay Pediatric Center are extremely compassionate and competent clinicians and I am confident you will become comfortable with ongoing care with one of them. I'm sure many of you already know other providers. For my older teenagers, it is time to transition to adult care. The administrative staff at the office can help you in this regard.

For me, I look forward to spending time with my husband, close friends and the newest furry member of my family, Oakley. I will, however, miss my "second family" at The Bay Pediatric Center. Good luck and best wishes.

Beth Wroth, MD
